Holidays or scheduling changes may extend the duration, but each batch will contain the required six classes.

---

## 2. Complete Module 3 syllabus

Module 3 contains 16 unique curriculum batches.

Completing the 16 batches means receiving the complete defined syllabus. Students may continue in Module 3 afterwards because combinations, applications and challenges remain fresh.

---

## 3. Alternating curriculum

The batches alternate between:

- Salsa On2 and Cha-Cha
- Salsa On1 and Bachata

The exact batch sequence will be communicated separately.

This access has no separate cash, refund, transfer or adjustment value.

Consistent attendance, practice and social dancing will still strongly influence how much a student improves.

# IMPORTANT INFORMATION

## 6. Progression to Module 4

Students are considered based on readiness, consistency, discipline, application, attitude and genuine interest in entering a more demanding pathway.

---

## 7. Consecutive batches

PLUS, ELITE and MAX apply to the consecutive batch cycles communicated during renewal.

---

## 8. Batch dates

Exact start dates, end dates and expected holidays for the batches covered by each plan will be shared separately on WhatsApp.

---

## 9. Renewal deadline

Students receive almost 72 hours to review the information, discuss questions with the team and complete payment.

To maintain fairness and consistency, renewal deadlines will not be extended.

---

## 10. Breaks and missed classes

Occasional missed classes may be managed through applicable cover-up guidelines, subject to curriculum alignment, schedule and availability.

Missing an entire curriculum batch or taking a longer break may require additional time or a placement review.
